AMENDMENTS.

1. After rule 63 in Part II-octroi the following new rule shall be inserted :—

Extraordinary passes for goods imported for repairs and to be re-exported.

" *Rule 63-A.*—(1) When goods liable to octroi are imported into a Small Town for repairs and subsequent export the importer shall obtain a pass in form O·23-A. The barrier moharrir shall fill up the counterfoil and columns 1 to 8 of the foil of the pass, tear off the foil with the exit coupon attached thereto and hand it over to the importer.

(2) The goods after repairs shall be brought to the barrier of import and the barrier moharrir shall, if the time covered by the pass has not expired and the goods tally with those entered in the pass, fill up the exit coupon, tear it off and hand back the pass to the importer. The exit coupon thus detached shall be pasted with the original counterfoil. If, however, the description of the goods does not tally with the particulars entered in the pass or the time of export has passed, the barrier moharrir shall make a note of the discrepancy in column 9 of the pass and shall then proceed to assess the goods as if the goods detailed in the pass were being imported for consumption, use or sale within octroi limits.

(3) The repair passes shall be examined by the Octroi Superintendent daily with a view to seeing that the exit passes have been pasted in respect of all passes the term of which has expired.

(4) The record of passes to which the exit coupons have not been attached will be noted in the register of missing transit passes in form O·25. A special investigation shall then be started at once to realize or remit the octroi on the goods imported on the pass.

(5) The committee shall by a resolution fix a period not exceeding fifteen days within which goods of a particular description should be exported after repairs. The periods so fixed shall be exhibited at every barrier and the officer in charge of the barrier at which such goods are imported shall enter the period accordingly in column 6 of the repair pass in form O·23-A. The committee may by a resolution delegate to the Secretary or the Octroi Superintendent the powers to extend the period in cases of real necessity."
